

Figure 8 Rules

Concept

- To provide exciting and different style of racing to have fun and entertain the fans!
- 4 or 6 cylinder front wheel driver cars
- The Track will be a pure Figure 8 Track shortened on the infield and back straight.
- These cars will be eligible to race in BSP Enduro events through out the year if desired.

Rules

- Any 4 or 6 cylinder FWD car. NO full size cars
- Minimum of 1 roll bar and 1 driver's door and 1 passenger door bar required. Tubing must be 1 3/4" diameter and .095 thickness. Note this is a minimum and additional Bracing is encouraged
- NO Bracing forward of the front firewall or aft of the rear seat at ALL! Any bracing of the cockpit area must be inside the car.
- 4 or 5 point racing harness required
- Window Net or screening required on drivers door.
- Body must be presentable at all times. Must have full body and all panels must retain stock
- Doors must be welded or securely fastened.
- All inner steel panels must be retained except for roll cage clearance.
- Factory wheel arches must be retained.
- Windshield must have steel screening with max 1" square holes.
- Original grill openings must be retained and filled with mesh or screen.
- Front firewall must remain original with all holes filled with no less than 20 gauge steel.
- Rear firewall and top shelf must be completely closed in no less than 20 gauge steel.
- Floors must remain stock, complete and in original position from firewall to rear trunk. Any holes to be patched only with 20 gauge metal.
- Fenders and splash pans to remain stock
- All metal work must be welded or riveted, no sheet metal screws anywhere.
- All glass, plastic, interior and exterior flammable materials must be removed. Original dash may remain
- No outside re-enforcement allowed.
- Gas tank must either be in the trunk strapped with at least 2" strapping with a firewall between driver compartment and trunk OR if the fuel tank is under the rear seat in front of the rear axle it may remain provided the straps are in good shape and the tank DOES NOT LEAK.
- Bumpers must be chained to a solid body member.

Race Procedures

- There will be a rolling start
- 8 Lap Qualifiers, 15 Lap Feature
- **Absolutely NO hitting in the drivers door.** Any one who hits in the drivers door will be DQ'd no questions asked
- No overly aggressive driving. Drivers been deemed by track officials to be overly aggressive will be DQ'd
- One person per car
